HENDRIX. If you aren't familiar with the bass's sound, and you can't play a bass that sounds good, this is not for you. This is intended for you if you know your bass is peppy and bright, like Jimi Hendrix' bass's tone, and you want to use it to compliment your sound" "This pedal is one of the best sounding, most versatile preamp overdrive pedals I've ever used. It sounds sweet, and lets you shape it to your will. Its a good pedal for playing rock/metal (including a lot of '80s subgenres of that such as hair metal, grunge/emo, grunge/garage

pretreated bentonites in water-saturated conditions: a DMC  
approach. The main objective of this study was to examine  
the osmotic activity of fresh and salt-pretreated bentonites  
as a function of clay mineralogy and other cation exchange  
capacity (CEC) properties. This is accomplished by deriving  
analytical equations to predict the osmotic activities of  
bentonite-water systems, and the availability of data for  
characterization of this
